

TRIPOLI GETS
REINFORCEMENT

Turks Send Soldiers and Supplies and Ammunition.

ITALY PREPARING FOR WAR

Anti-Military Demonstrations by Socialists Complicate Situation for Italy and Preparations Are Obstructed Considerably—Germany. Using Good Offices to Effect Peaceful Settlement.

London, Sept. 28.—The correspondent of the Chronicle sends a late dispatch from Tripoli. It says:

"All business here has stopped and great excitement prevails. The Turkish steamer Derna entered the harbor within view of the whole Italian fleet, which apparently had been watching her for many miles. She landed 100 soldiers, several boxes of ammunition and rifles.

"It is expected that the fleet will now take steps to occupy the place. At any moment the fleet could have stopped the Derna, but refrained, I understand, under orders from the Italian government.

"The news spread like wildfire. Turkish soldiers swarmed about the harbor yelling threats against Italy and the Italians. The latter are momentarily in fear of attack. Turkish families were preparing to flee, but the local committee of the Union of Progress issued an order that Turkish subjects must on no account leave the town. They should be forcibly restrained if necessary.

"The Constantinople correspondent of Reuters Telegram company sends a dispatch dated Tripoli, which gives the report of an impending Italian landing.

It is confirmed that Germany is using her good offices to secure a settlement.

Expedition to Tripoli a Certainty.

In well-informed diplomatic quarters here it is believed that no mere economic concessions will meet the Italian view, and that an expedition to Tripoli is a practical certainty. Little is hoped from Germany or other powers in their attempts at mediation, if, as is believed, Italy insists upon her demands for a protectorate.

An interesting question arises as to whether Turkey, being debarred by weakness of her navy from sending troops to provision and reinforce her troops in Tripoli by sea, will claim the right to send convoys through Egypt. Such a demand would place Great Britain in a serious dilemma. To accede would mean incurring enmity; to refuse would imperil the British position in Egypt and in the most of the world generally.

Chiasso, Switzerland (on Italian frontier), Sept. 28.—Advices from Rome state that the anti-militarist demonstrations have assumed a grave character in the provinces of Ravenna and Forlì, Italy, where the Socialist and Republican elements predominate.

A mob, after stopping the trains which were transporting troops being moved in connection with threatened trouble with Turkey over Tripoli, stoned the cavalry. The rioters used street cars to form barricades in the streets.

Troop Trains Crowd Railways.

Vienna, Sept. 28.—A dispatch from Milan says that all railways leading to the ports are crowded with military trains, loaded down with war supplies. Troops destined for Tripoli are concentrated at the ports for embarkation and are awaiting completion of their equipment.

Bellport, Long Island, Sept. 28.—The recent departure of the United States scout cruiser Chester from Boston for Tripoli occasioned a conference a few days ago between the Turkish ambassador, Sir Pasha, and Huntington Wilson, the assistant secretary of state. As the Chester started for Tripoli about the time the dispute between Turkey and Italy was reaching a more acute stage Sir Pasha sought to determine the exact object of the warship's voyage. Mr. Wilson assured him the visit was not related to the crisis, but to the determination of the government to furnish a protecting influence to such Americans as were in Tripoli.

Heavy Sentences for Forgers.

Fort Dodge, Ia., Sept. 28.—Ray Piper was sentenced by Judge Albrook to thirty years at Anamosa and Mrs. Piper to fifteen years in the penitentiary for uttering forged instruments. The two passed checks at many stores here last spring and escaped. They were last arrested until a few weeks ago at Omaha, when Piper was forced to seek medical relief for a bullet wound. Neither is more than twenty-three years old.

\$2,500,000 IN POSTAL BANKS

Officials Expect There Will Be \$4,000,000 Sept. 30.

Washington, Sept. 28.—Two and a half million dollars was on deposit in the postal savings banks Aug. 31, according to official computation. There was an increase of \$1,000,000 during August. It is estimated that the aggregate of deposits Sept. 30 will be \$4,000,000.

ELECT WEALTHY
MAN PRESIDENT

Conservation Congress Honors Kansas City Millionaire.

SEND MESSAGE TO PINCHOT

Secretary Fisher of Interior Department Makes Notable Speech of Session in Which He Favors the Leasing System for the Control of Mineral Properties—Congress Is Still Radical on Water Rights and Handling of Coal Lands.

Kansas City, Sept. 28.—The last day was the big day of the third National Conservation congress. Walter L. Fisher, secretary of the interior, made the important address of the congress.

The congress adopted resolutions surprisingly radical and elected a president who seems likely to put the whole machinery of the congress into the hands of the "big fat" boys. J. B. White of Kansas City, the new president, is a millionaire merchant. In a formal written paper he reiterated the statement made peevishly by Mr. Long, another Kansas City millionaire lumberman, that the low price of lumber is responsible for forest waste. Mr. Long, however, took a shot at foolish legislation, while Mr. White refrained.

Through the committees of the next congress, which he will appoint, Mr. White will be able to dominate the organization as thoroughly as Henry Wallace has dominated this congress. If lumber interests, from the standpoint of the private owners, should loom as big in the next congress as farm interests have in this there would not be much room for Pinchot and his conservation policies.

Reactionary interests showed their hands in the committee on resolutions in the interest of the railroads and the speculative exchanges. Two outsiders were given a hearing and made a fight against the clause in the Long platform asking that railways be investigated and the Interstate Commerce commission be given more power.

The committee stuck to its text and the congress unanimously supported it in asking for the abolishing of speculation in foodstuffs and the probing of railways.

Against Perpetual Water Franchises.

The congress was no less radical in its stand upon water rights and the future handling of coal lands. It was squarely against irrevocable or perpetual water franchises or the alienation of mines, except under limited leases. It declared for government railways in Alaska.

Secretary Fisher's notions on water and coal, as expressed in his speech, differed little from the platform subsequently adopted. He leans strongly toward the leasing system for coal lands. At least, he is willing to consider carefully that solution. In caring for water powers he would have the federal government protect and develop the streams as a whole, states and municipalities to deal with services and rates.

Here is the sentiment that Mr. Fisher reiterated and reiterated, beginning and ending with it:

"The purpose of conservation is to secure wise development of the nation's resources in the interest of the public as a whole."

Mr. Fisher's speech and the subsequent resolutions gave a broader outlook to the whole congress. It had been, up to today, little more than a farmers' institute where scientific dogma, as to soil and health had been repeated with variations by professor after professor.

In line with the radical platform which was adopted by the congress, a telegram was addressed by the congress to Gifford Pinchot to show that he was remembered. It was remarked that it might have been to take the curse off of the selection of a big lumberman for president.

W. J. Bryan and Senator Robert L. Owen of Oklahoma addressed the congress at a special session in the evening.

Road Under Hammer.

Atlantic, Ia., Sept. 28.—One hundred and fifty stockholders of the Atlantic Northern and Southern railway, who had joined in a petition to postpone the sale of the road, have withdrawn their petition and the road will be sold by Receiver Harlan. It is predicted it will bring about \$300,000. The physical value of the property is estimated at over \$1,000,000.

Unhurt by Fall Into Well.

Sioux Falls, S. D., Sept. 28.—To lose his balance while playing and fall headfirst a distance of thirty-eight feet to the bottom of a well and escape with nothing more serious than a deep scalp wound was the experience of the five-year-old son of Mr. and Mrs. Emil Hanson, living on a farm near Morrissette.

Mayor of Indianapolis, Who Will Try to Break the Potato Corner.

WILL BREAK POTATO CORNER

Indianapolis Mayor Buys Car Load and Will Cut Prices.

Indianapolis, Sept. 28.—Mayor Shank announced that he was determined to break the corner formed by commission men on potatoes, which are selling here at \$1.60 a bushel, and for that purpose he has bought a car load which will be placed on the city market Saturday. He says the potatoes cost 69 cents a bushel in Michigan and will be sold here at the same price, with the freight added.

The commission men are charged with representing to growers that the market here is glutted, while buyers potatoes are said to be very scarce and the price high.

WILL PROSECUTE IF
GIVEN EVIDENCE

So Says Attorney General of Minnesota of Liquor Cases.

St. Paul, Sept. 28.—Emphatic statements by Attorney General George T. Simpson said that he would prosecute Mayor Koller, Chief of Police O'Connor and the St. Paul police commissioners if evidence is furnished that they permit the illegal sale of liquor in disorderly houses, as alleged, led to the conclusion by those watching the developments in the proceedings against these officials by the Methodist Laymen's association that the attorney general will, if asked, hold the charges sufficient for removal if they can be sustained, and will recommend a hearing.

The charges as filed with the governor are not considered evidence by the attorney general, and in some quarters it was felt that he, perhaps, preferred to have the evidence in support of them placed directly in his hands. The argument was raised, however, that in view of his offer he could not be expected to place any stumbling blocks in the way of obtaining whatever evidence exists through the medium of a hearing before a special commissioner, the procedure followed in instances when charges are filed with the governor.

"If they will furnish me with the evidence I will prosecute the officials," was the attorney general's statement. "I told the laymen that a year ago, and I mean it now."

"Those charges are not evidence—they are only a complaint. Evidence is what you see and know from your own knowledge."

AGAINST TAYLOR SYSTEM

Government Machinists to Oppose Its Introduction.

Davenport, Ia., Sept. 28.—Machinists employed by the government at the Rock Island arsenal have adopted a resolution to proceed to extreme measures if the Taylor system is installed in federal arsenals and navy yards. This is considered equivalent to a threat to strike. The government machinists also voted to send President Johnson to Boston October 4 to represent them before the congressional committee which will investigate the Taylor system.

DUMAS TRIAL AGAIN HALTED

Nine Jurymen Selected Thus Far and New Venue Called For.

Bemidji, Minn., Sept. 28.—Once more the trial of Dr. Delbert F. Dumas, mayor of Cass Lake, charged with an attempt at arson by planning with Mike Davis and Martin Behan to burn and rob the postoffice building at Puposky, has been halted, only two men out of the special venire of twenty being accepted as jurors. Three more are needed to complete the jury. Judge W. S. McClenahan called up on Coroner Ibertson to summon twenty more men to be examined for jury duty, to report Friday, the case going over until that time.

The two men obtained for jury service were John Wagner, a farmer, who declared he had little regard for the veracity of any newspaper, and August Webber, also a farmer.

TAFT FACES BOLT
BY PROGRESSIVES

President's Opponents Silent About Intentions.

WILL FIGHT INSIDE PARTY.

At the Same Time It Does Not Seem That Bourne, La Follette, Cummins, Bristow and Others Can Support Ohioan—Gore Found Political Contest in Canada Bitter.

By ARTHUR W. DUNN.

Washington, Sept. 28.—[Special.]—Questions are frequently asked as to what the progressives are going to do in case Taft is nominated. Taking it for granted that Taft will be nominated, there seems to be a great deal of speculation as to what these men will do who are now so vigorously opposing the president. It is not likely that very many of them will say right out that they intend to bolt the Republican convention. They have always fought within the party, and they still want to be called Republican partisans.

If La Follette should say now that if Taft is nominated he will not support him it would be impossible for La Follette to get the nomination even if Taft should be out of it. Men do not announce their intention to bolt in advance of the conventions. They will fight up to the last before they quit their party. After the convention there will be an opportunity for them to declare themselves.

A Bolt Expected.

At the same time a bolt is expected. It does not now seem possible for Bourne, La Follette, Cummins, Clapp, Bristow and many others who act and think as they do to support President Taft. In all probability Bourne will declare positively that he will not support Taft. He has already said that unless Taft changes his policies materially he will not support him.

Bourne says that no man can support Taft who believes in popular government in view of Taft's veto of the Arizona bill. Bourne comes from a state where party ties are not very binding. His colleague, a Democrat, was elected by a Republican legislature after being endorsed by the people at a state primary. There is a possibility of a third ticket or the support of the Democratic candidate by many progressives.

Gore on Canada Politics.

Senator Gore had an opportunity to find that political human nature is pretty much alike whether in the United States or in Canada. The Oklahoma senator spent several weeks in Canada just previous to the recent election. He says that the men in politics up there are even more bitter and venomous in their charges against their opponents than in this country. The rival factions were determined to convince the country that the other side was disloyal, corrupt, inefficient, and that in case the opponents succeeded there was danger of Canada being wiped off the map. Well, that is about what we find in this country in nearly every presidential campaign. And all the time it is well known that the country would be safe no matter which side was successful.

Gore For Wilson.

Senator Gore is for Governor Wilson for the Democratic nomination. He is an admirer of Champ Clark, but he believes Wilson is going to be nominated.

"Champ's speech saying that Canada would be ultimately annexed to the United States," said Gore, "has done him a great deal of harm. It was unwise for a man in his position. That remark was used as a campaign cry against reciprocity—that and the president's remark that 'Canada has come to a parting of the ways.' Both utterances were not good statesmanship. If Governor Wilson is nominated I believe he will defeat Taft. Party lines are not very strict just now. The people are on the move, and it looks like a very unsettled year ahead."

President Taft's Humor.

President Taft has a subtle humor which is very taking. Some time since Senator Culberson went to the president to recommend a man for a position. After stating his qualifications the Texas senator added, "Mr. President, this young man was a member of the rough riders."

"Why didn't you tell me in the first place that he was annotated?" asked Mr. Taft.

Martine and the Governors.

So deeply immersed was Senator Martine in the affairs of state during the extra session of congress that he had no time to descend upon New Jersey. But now he has more time to think of his great state. "The best thing New Jersey has done in a long time," remarked Senator Martine, "was to bring those governors to the state. This is the best move we ever made," was a remark one governor made to another, and several who heard it acquiesced. They came to the most beautiful spot to be found anywhere. They found the air healthful, the climate invigorating and their surroundings charming. While they could not have made a mistake by going to any place upon our glorious coast, they went to the best of the thousands of resorts with which New Jersey is blessed."

FOREIGNERS IN NO DANGER

Admiral Murdock Sends Encouraging News From China.

Washington, Sept. 28.—Conditions in the disturbed Chinese province of Szechuan continue satisfactory as far as foreigners are concerned in the opinion of Rear Admiral Murdock, commander of the American Asiatic fleet. He cabled the navy department announcing the arrival of the New Orleans, his temporary flagship, at Shanghai, from Hankow, which was as far up the Yangtze river as it was able to go safely. He reported that the torpedo destroyers Bainbridge, Barry, Dale and Decatur, which it was thought might be required for service on the Yangtze in case the trouble extended, also had arrived at Shanghai.

LITTLEFIELD WILL
DEFEND SENATOR

Former Maine Representative Attorney for Stephenson.

Milwaukee, Sept. 28.—Former Congressman Charles E. Littlefield of Maine will be associated with William E. Beck of this city as counsel for Senator Isaac Stephenson in the investigation which will begin Oct. 2.

This means that the investigation will be bitterly fought on the senator's side. Mr. Littlefield served a little over three terms as representative, following Congressman Dingley. He retired voluntarily about six years ago to practice law in New York. During his service in congress he was on the judiciary committee.

Within the next few days the members of the senatorial committee that will conduct the investigation will begin to gather here.

Senator Isaac Stephenson himself will be the first witness. Whether Senator La Follette will testify is uncertain. Senator Heyburn asserted he had no reason to believe that Senator La Follette would testify, at least not at the request of the investigation committee.

MOONSHINE OPIUM IN ST. PAUL

Federal Officers Say Drug Is Made in Minnesota City.

St. Paul, Sept. 28.—That the manufacture of smoking opium has been going on in St. Paul and all other large cities of the country since the winter of 1909, practically without restraint of any kind except in a few isolated local cases and without federal regulation is the statement made by local internal revenue officer.

Since the confessions of R. C. Cochbourne and W. C. Harris recently in which they admitted the illegal handling of opium, Special Officer Foulkes of the customs service has been working on the situation in St. Paul, Minneapolis and Duluth. He found that the manufacture of the drug was going on on a wholesale basis without any restraint, and became more firmly convinced that only a small percentage of the amount smoked was smuggled.

Two Chinamen, Chon Hon of Minneapolis and Samuel Lowe of this city, have been placed under arrest charged with having the drug in their possession and more raids are expected in the near future.

Johnson-Wells Fight Enjoined.

CHARLES G. GATES MARRIES

Weds Miss Hopwood of Minneapolis at Uniontown, Pa.

Uniontown, Pa., Sept. 28.—Miss Florence E. Hopwood, daughter of Mr. and Mrs. Frank Parsching Hopwood of Minneapolis, and Charles G. Gates, son of the late financier, John W. Gates, were married at the residence of Robert F. Hopwood, uncle of the bride. The ceremony was performed by Rev. Dr. J. W. Lagrone, pastor of the Methodist church at Port Arthur, Tex., where the Gates family has large business interests. Miss Catherine Clemens of Charles City, Ia., a classmate of the bride, was maid of honor, while Wayne Dogue of Detroit, Mich., was best man. The bride and groom left immediately after the ceremony in his private car for a wedding journey which will take in most of the United States.

The bride was the recipient of a number of handsome presents. Mr. Gates gave her a pearl necklace, diamond earrings, two diamond rings and a brooch of diamonds. Mrs. Delora P. Baker Gates, mother of the groom, presented the new Mrs. Gates with a diamond collar, a silver dinner service, a silver tea service and a chest of flat silver.

Germany Accepts Proposal.

Berlin, Sept. 28.—Germany has formally accepted the French proposals to settle the Moroccan dispute. Herr von Kiderlen-Waechter received M. Jules Cambon, the French ambassador, at the foreign office and announced that the latest note was satisfactory to the kaiser's government.

Elected Mayor of San Francisco.

San Francisco, Sept. 28.—James Rolph, Jr., was elected mayor of San Francisco over Patrick H. McCarthy, the present incumbent, by over 25,000 plurality at the first direct primary election. The vote will closely approximate 80,000, the biggest vote ever cast here.

Winds Up Visit to Kansas With
Speech at Leavenworth.

DELIGHTED WITH RECEPTION

Addresses Attract Large Audiences in All Points Visited, With Largest Crowd at Topeka Where It Was Estimated From 40,000 to 50,000 People Were Assembled—Talks to Children at Atchison.

Leavenworth, Kan., Sept. 28.—President Taft ended his four day visit to Kansas here and departed for Iowa, where he will spend two days before again heading for the Far West.

He wound up here with a discussion of the tariff, during which he again explained his veto and again asserted his willingness to sign any tariff bills that might be based upon the forthcoming report of the tariff board.

Mr. Taft expressed himself as delighted with his reception in Kansas. The crowds which turned out to greet him again took rank as the largest he has met on any of his trips through the country.

The climax was reached at Topeka, where Mr. Taft faced a throng in the Capitol plaza that the members of his party estimated at between 40,000 and 50,000. The day was intensely hot. Mr. Taft discarded his silk hat and spoke bareheaded.

When he appeared at Atchison, however, he had laid aside the silk hat entirely and wore a broad brimmed Panama.

Lays Corner Stone.

At Topeka President Taft laid the corner stone of the memorial building Kansas is erecting to the Grand Army of the Republic, and the presence of so many old soldiers in his audience later at the Capitol plaza led Mr. Taft into a discussion of peace and another appeal for popular support of the arbitration treaties recently negotiated with Great Britain and France.

Following the president's speech Senator Curtis came out in a statement favoring the ratification of the compact. He is the third senator publicly and personally to pledge support to the president on the treaties since Mr. Taft's trip began.

President Taft arrived in Leavenworth at 4 p. m. and remained until 10:35. He made his first address in the open air and then motored to Fort Leavenworth, where he briefly addressed the officers attending the army service school, and then visited the soldiers' home.

In his address to the army officers, who in their full dress uniforms made a particularly brilliant audience, Mr. Taft advocated again the idea of a skeleton army made up largely of skilled officers who would devote themselves mostly to the training of the militia. The president said he believed that under this system a competent army could be called into the field almost at a moment's notice, and that on a peace footing the establishment would be a most economical one.

Attends Children's Picnic.

Atchison, Kan., Sept. 28.—To attend the picnic which was given by Bailey Waggoner to the children of Atchison and vicinity President Taft doffed his high hat and frock coat and donned a straw hat and a gray sack suit. He went out prepared to get red lemonade and peanuts.

Mr. Waggoner's picnic brought several thousand juveniles into Atchison to partake of the hospitality of the host, who is a Democrat. The children cheered the president heartily. He made a short speech at the picnic grounds.

He praised Mr. Waggoner for his benevolence to the Kansas children. He said that while Mr. Waggoner expected him to make a one-minute speech and show all the evil he could find in the Democratic party and all the good in the Republican party, he could not do those things at this time. The president also presented in behalf of Atchison a large silver loving cup to Mr. Waggoner.

Governor Hadley Asks Mayors of State to Boost Plan.

Jefferson City, Mo., Sept. 28.—Governor Hadley has addressed letters to the mayors of the principal cities in the state, asking their co-operation in a plan to observe Oct. 9 as "Fire Prevention day," and says he will this week issue a proclamation naming the day. He believes that by calling attention to the necessity of thorough inspection of public and private buildings much will be saved from fire losses.

MARCH TOGETHER IN PARADE

G. A. R. and Confederate Veterans Side by Side in Parade.

Memphis, Tenn., Sept. 28.—Grand Army of the Republic veterans, representing states from Maine to California, marched side by side with surviving veterans of the Confederate army in the parade which marked the opening of the first national reunion of the Blue and Gray. Governor Hooper, of Tennessee, and his staff, received visitors at headquarters. Former Governor Van Sant, of Minnesota, was among the first of the G. A. R. veterans to arrive.

TRIPOLI GETS
REINFORCEMENT

Turks Send Soldiers and Supplies and Ammunition.

ITALY PREPARING FOR WAR

Anti-Military Demonstrations by Socialists Complicate Situation for Italy and Preparations Are Obstructed Considerably—Germany, Using Good Offices to Effect Peaceful Settlement.

London, Sept. 28.—The correspondent of the Chronicle sends a late dispatch from Tripoli. It says:

"All business here has stopped and great excitement prevails. The Turkish steamer Derna entered the harbor within view of the whole Italian fleet, which apparently had been watching her for many miles. She landed 100 soldiers, several boxes of ammunition and rifles.

"It is expected that the fleet will now take steps to occupy the place. At any moment the fleet could have stopped the Derna, but refrained, I understand, under orders from the Italian government.

"The news spread like wildfire. Turkish soldiers swarmed about the harbor yelling threats against Italy and the Italians. The latter are momentarily in fear of attack. Turkish families were preparing to flee, but the local committee of the Union of Progress issued an order that Turkish subjects must on no account leave the town. They should be forcibly restrained if necessary.

The Constantinople correspondent of Reuters Telegram company sends a dispatch dated Tripoli, which gives the report of an impending Italian landing.

It is confirmed that Germany is using her good offices to secure a settlement.

Expedition to Tripoli a Certainty.

In well-informed diplomatic quarters here it is believed that no mere economic concessions will meet the Italian view, and that an expedition to Tripoli is a practical certainty. Little is hoped from Germany or other powers in their attempts at mediation, if, as is believed, Italy insists upon her demands for a protectorate.

An interesting question arises as to whether Turkey, being debarré by weakness of her navy from sending transports to provision and reinforce her troops in Tripoli by sea, will claim the right to send convoys through Egypt. Such a demand would place Great Britain in a serious dilemma. To accede would mean incurring enmity; to refuse would imperil the British position in Egypt and in the most of the world generally.

Chiasso, Switzerland (on Italian frontier), Sept. 28.—Advices from Rome state that the anti-militarist demonstrations have assumed a grave character in the provinces of Ravenna and Forlì, Italy, where the Socialist and Republican elements predominate.

A mob, after stopping the trains which were transporting troops being moved in connection with threatened trouble with Turkey over Tripoli, stoned the cavalry. The rioters used street cars to form barricades in the streets.

Troop Trains Crowd Railways.

Vienna, Sept. 28.—A dispatch from Milan says that all railways leading to the ports are crowded with military trains, loaded down with war supplies. Troops destined for Tripoli are concentrated at the ports for embarkation and are awaiting completion of their equipment.

Bellport, Long Island, Sept. 28.—The recent departure of the United States scout cruiser Chester from Boston for Tripoli occasioned a conference a few days ago between the Turkish ambassador, Siah Pasha, and Huntington Wilson, the assistant secretary of state. As the Chester started for Tripoli about the time the dispute between Turkey and Italy was reaching a more acute stage Siah Pasha sought to determine the exact object of the warship's voyage. Mr. Wilson assured him the visit was not related to the crisis, but to the determination of the government to furnish a protecting influence to such Americans as were in Tripoli.

Heavy Sentences for Forgers.

Fort Dodge, Ia., Sept. 28.—Ray Piper was sentenced by Judge Albrook to thirty years at Anamosa and Mrs. Piper to fifteen years in the penitentiary for uttering forged instruments. The two passed checks at many stores here last spring and escaped. They were not arrested until a few weeks ago at Omaha, when Piper was forced to seek medical relief for a bullet wound. Neither is more than twenty-three years old.

Officials Expect There Will Be \$4,000,000 Sept. 30.

Washington, Sept. 28.—Two and a half million dollars was on deposit in the postal savings banks Aug. 31, according to official computation.

There was an increase of \$1,000,000 during August. It is estimated that the aggregate of deposits Sept. 30 will be \$4,000,000.

Conservation Congress Honors Kansas City Millionaire.

SEND MESSAGE TO PINCHOT

Secretary Fisher of Interior Department Makes Notable Speech of Session in Which He Favors the Leasing System for the Control of Mineral Properties—Congress Is Still Radical on Water Rights and Handling of Coal Lands.

Kansas City, Sept. 28.—The last day was the big day of the third National Conservation congress. Walter L. Fisher, secretary of the interior, made the important address of the congress.

The congress adopted resolutions surprisingly radical and elected a president who seems likely to put the whole machinery of the congress into the hands of the "big fat" boys. J. B. White of Kansas City, the new president, is a millionaire merchant. In a formal written paper he reiterated the statement made previously by Mr. Long, another Kansas City millionaire lumberman, that the low price of lumber is responsible for forest waste. Mr. Long, however, took a shot at foolish legislation, while Mr. White refrained.

Through the committees of the next congress, which he will appoint, Mr. White will be able to dominate the organization as thoroughly as Henry Wallace has dominated this congress. If lumber interests, from the standpoint of the private owners, should loom as big in the next congress as farm interests have in this there would not be much room for Pinchot and his conservation policies.

Reactionary interests showed their hands in the committee on resolutions in the interest of the railroads and the speculative exchanges. Two outsiders were given a hearing and made a fight against the clause in the Long platform asking that railways be investigated and the Interstate Commerce commission be given more power.

The committee stuck to its text and the congress unanimously supported it in asking for the abolishing of speculation in foodstuffs and the probing of railroads.

Against Perpetual Water Franchises.

The congress was no less radical in its stand upon water rights and the future handling of coal lands. It was squarely against irrevocable or perpetual water franchises or the alienation of mines, except under limited leases. It declared for government railroads in Alaska.

Secretary Fisher's notions on water and coal, as expressed in his speech, differed little from the platform subsequently adopted. He leans strongly toward the leasing system for coal lands. At least, he is willing to consider carefully that solution. In caring for water powers he would have the federal government protect and develop the streams as a whole, states and municipalities to deal with services and rates.

Here is the sentiment that Mr. Fisher reiterated and reiterated, beginning and ending with it:

"The purpose of conservation is to secure wise development of the nation's resources in the interest of the public as a whole."

Mr. Fisher's speech and the subsequent resolutions gave a broader outlook to the whole congress. It had been, up to today, little more than a farmers' institute where scientific dogma, as to soil and health had been repeated with variations by professor after professor.

In line with the radical platform which was adopted by the congress, a telegram was addressed by the congress to Gifford Pinchot to show that he was remembered. It was remarked that it might have been to take the curse off of the selection of a big lumberman for president.

W. J. Bryan and Senator Robert L. Owen of Oklahoma addressed the congress at a special session in the evening.

Road Under Hammer.

Atlantic, Ia., Sept. 28.—One hundred and fifty stockholders of the Atlantic Northern and Southern railway, who had joined in a petition to postpone the sale of the road, have withdrawn their petition and the road will be sold by Receiver Harlan. It is predicted it will bring about \$300,000. The physical value of the property is estimated at over \$1,000,000.

Unhurt by Fall Into Well.

Sioux Falls, S. D., Sept. 28.—To lose his balance while playing and fall headfirst a distance of thirty-eight feet to the bottom of a well and escape with nothing more serious than a deep scalp wound was the experience of the five-year-old son of Mr. and Mrs. Emil Hanson, living on a farm near Mcristown.

SAMUEL L. SHANK.

Mayor of Indianapolis, Who Will Try to Break the Potato Corner.

WILL BREAK POTATO CORNER

Indianapolis Mayor Buys Car Load and Will Cut Prices.

Indianapolis, Sept. 28.—Mayor Shank announced that he was determined to break the corner formed by commission men on potatoes, which are selling here at \$1.60 a bushel, and for that purpose he has bought a car load which will be placed on the city market Saturday. He says the potatoes cost 69 cents a bushel in Michigan and will be sold here at the same price, with the freight added.

The commission men are charged with representing to growers that the market here is glutted, while buyers potatoes are said to be very scarce and the price high.

WILL PROSECUTE IF
GIVEN EVIDENCE

So Says Attorney General of Minnesota of Liquor Cases.

St. Paul, Sept. 28.—Emphatic statements by Attorney General George T. Simpson that he would prosecute Mayor Keller, Chief of Police O'Connor and the St. Paul police commissioners if evidence is furnished that they permit the illegal sale of liquor in disorderly houses, as alleged, led to the conclusion by those watching the developments in the proceedings against these officials by the Methodist Laymen's association that the attorney general will, if asked, hold the charges sufficient for removal if they can be sustained, and will recommend a hearing.

The charges as filed with the governor are not considered evidence by the attorney general, and in some quarters it was felt that he, perhaps, preferred to have the evidence in support of them placed directly in his hands. The argument was raised, however, that in view of his offer he could not be expected to place any stumbling blocks in the way of obtaining whatever evidence exists through the medium of a hearing before a special commissioner, the procedure followed in instances when charges are filed with the governor.

"If they will furnish me with the evidence I will prosecute the officials," was the attorney general's statement. "I told the laymen that a year ago, and I mean it now."

"Those charges are not evidence—they are only a complaint. Evidence is what you see and know from your own knowledge."

AGAINST TAYLOR SYSTEM

Government Machinists to Oppose Its Introduction.

Davenport, Ia., Sept. 28.—Machinists employed by the government at the Rock Island arsenal have adopted a resolution to proceed to extreme measures if the Taylor system is installed in federal arsenals and navy yards. This is considered equivalent to a threat to strike. The government machinists also voted to send President Johnson to Boston October 4 to represent them before the congressional committee which will investigate the Taylor system.

DUMAS TRIAL AGAIN HALTED

Nine Jurymen Selected Thus Far and New Venue Called For.

Bemidji, Minn., Sept. 28.—Once more the trial of Dr. Delbert F. Dumas, mayor of Cass Lake, charged with an attempt at arson by planning with Mike Davis and Martin Behan to burn and rob the postoffice building at Puposki, has been halted, only two men out of the special venire of twenty being accepted as jurors. Three more are needed to complete the jury.

Judge W. S. McClenahan called upon Coroner Ibertson to summon twenty more men to be examined for jury duty, to report Friday, the case going over until that time.

The two men obtained for jury service were John Wagner, a farmer, who declared he had little regard for the veracity of any newspaper, and August Webber, also a farmer.

TAFT FACES BOLT
BY PROGRESSIVES

President's Opponents Silent About Intentions.

WILL FIGHT INSIDE PARTY.

At the Same Time It Does Not Seem That Bourne, La Follette, Cummins, Bristow and Others Can Support Ohioan—Gore Found Political Contest in Canada Bitter.

By ARTHUR W. DUNN.

Washington, Sept. 28.—[Special.]—Questions are frequently asked as to what the progressives are going to do in case Taft is nominated. Taking it for granted that Taft will be nominated, there seems to be a great deal of speculation as to what these men will do who are now so vigorously opposing the president. It is not likely that very many of them will say right out that they intend to bolt the Republican convention. They have always fought within the party, and they still want to be called Republican partisans.

If La Follette should say now that if Taft is nominated he will not support him it would be impossible for La Follette to get the nomination even if Taft should be out of it. Men do not announce their intention to bolt in advance of the conventions. They will fight up to the last before they quit their party. After the convention there will be an opportunity for them to declare themselves.

A Bolt Expected. It does not now seem possible for Bourne, La Follette, Cummins, Clapp, Bristow and many others who act and think as they do to support President Taft. In all probability Bourne will declare positively that he will not support Taft. He has already said that unless Taft changes his policies materially he will not support him.

Bourne says that no man can support Taft who believes in popular government in view of Taft's veto of the Arizona bill. Bourne comes from a state where party ties are not very binding. His colleague, a Democrat, was elected by a Republican legislature after being endorsed by the people at a state primary. There is a possibility of a third ticket or the support of the Democratic candidate by many progressives.

Gore on Canada Politics.

Senator Gore had an opportunity to find that political human nature is pretty much alike whether in the United States or in Canada. The Oklahoma senator spent several weeks in Canada just previous to the recent election. He says that the men in politics up there are even more bitter and venomous in their charges against their opponents than in this country. The rival factions were determined to convince the country that the other side was disloyal, corrupt, inefficient, and that in case the opponents succeeded there was danger of Canada being wiped off the map. Well, that is about every word we find in this country in nearly every presidential campaign. And all the time it is well known that the country would be safe no matter which side was successful.

Gore For Wilson.

Senator Gore is for Governor Wilson for the Democratic nomination. He is an admirer of Champ Clark, but he believes Wilson is going to be nominated.

"Champ's speech saying that Canada would be ultimately annexed to the United States," said Gore, "has done him a great deal of harm. It was unwise for a man in his position. That remark was used as a campaign cry against reciprocity—that and the president's remark that 'Canada has come to a parting of the ways.' Both utterances were not good statesmanship. If Governor Wilson is nominated I believe he will defeat Taft. Party lines are not very strict just now. The people are on the move, and it looks like a very unsettled year ahead."

President Taft's Humor.

President Taft has a subtle humor which is very taking. Some time since Senator Culberson went to the president to recommend a man for a position. After stating his qualifications the Texas senator added, "Mr. President, this young man was a member of the rough riders."

"Why didn't you tell me in the first place that he was annotated?" asked Mr. Taft.

Martine and the Governors.

So deeply immersed was Senator Martine in the affairs of state during the extra session of congress that he had no time to descend upon New Jersey. But now he has more time to think of his great state. "The best thing New Jersey has done in a long time," remarked Senator Martine, "was to bring those governors to the state. This is the best move we ever made." was a remark one governor made to another, and several who heard it acquiesced. They came to the most beautiful spot to be found anywhere. They found the air healthful, the climate invigorating and their surroundings charming. While they could not have made a mistake by going to any place upon our glorious coast, they went to the best of the thousands of resorts with which New Jersey is blessed.

FOREIGNERS IN NO DANGER

Admiral Murdock Sends Encouraging News From China.

Washington, Sept. 28.—Conditions in the disturbed Chinese province of Szechuan continue satisfactory as far as foreigners are concerned in the opinion of Rear Admiral Murdock, commander of the American Asiatic fleet. He cabled the navy department announcing the arrival of the New Orleans, his temporary flagship, at Shanghai, from Hankow, which was as far up the Yangtze river as it was able to go safely. He reported that the torpedo destroyers Bainbridge, Barry, Dale and Decatur, which it was thought might be required for service on the Yangtze in case the trouble extended, also had arrived at Shanghai.

LITTLEFIELD WILL
DEFEND SENATOR

Former Maine Representative Attorney for Stephenson.

Milwaukee, Sept. 28.—Former Congressman Charles E. Littlefield of Maine will be associated with William E. Beck of this city as counsel for Senator Isaac Stephenson in the investigation which will begin Oct. 2.

This means that the investigation will be bitterly fought on the senator's side. Mr. Littlefield served a little over three terms as representative, following Congressman Dingley. He retired voluntarily about six years ago to practice law in New York. During his service in congress he was on the judiciary committee.

Within the next few days the members of the senatorial committee that will conduct the investigation will begin to gather here.

Senator Isaac Stephenson himself will be the first witness. Whether Senator La Follette will testify is uncertain. Senator Heyburn asserted he had no reason to believe that Senator La Follette would testify, at least not at the request of the investigation committee.

MOONSHINE OPIUM IN ST. PAUL

Federal Officers Say Drug Is Made in Minnesota City.

St. Paul, Sept. 28.—That the manufacture of smoking opium has been going on in St. Paul and all other large cities of the country since the winter of 1909, practically without restraint of any kind except in a few isolated local cases and without federal regulation is the statement made by local internal revenue officers.

Since the confessions of R. C. Cockbourne and W. C. Harris recently in which they admitted the illegal handling of opium, Special Officer Foulkes of the customs service has been working on the situation in St. Paul, Minneapolis and Duluth. He found that the manufacture of the drug was going on on a wholesale basis without any restraint, and became more firmly convinced that only a small percentage of the amount smoked was smuggled.

Two Chinamen, Chon Hon of Minneapolis and Samuel Lowe of this city, have been placed under arrest charged with having the drug in their possession and more raids are expected in the near future.

Johnson-Wells Fight Enjoined.

CHARLES G. GATES MARRIED

Weds Miss Hopwood of Minneapolis at Uniontown, Pa.

Uniontown, Pa., Sept. 28.—Miss Florence E. Hopwood, daughter of Mr. and Mrs. Frank Parshing Hopwood of Minneapolis, and Charles G. Gates, son of the late financier, John W. Gates, were married at the residence of Robert F. Hopwood, uncle of the bride. The ceremony was performed by Rev. Dr. J. W. Lagrone, pastor of the Methodist church at Port Arthur, Tex., where the Gates family has large business interests. Miss Catherine Clemens of Charles City, Ia., a classmate of the bride, was maid of honor, while Wayne Dugue of Detroit, Mich., was best man. The bride and groom left immediately after the ceremony in his private car for a wedding journey which will take in most of the United States.

The bride was the recipient of a number of handsome presents. Mr. Gates gave her a pearl necklace, diamond earrings, two diamond rings and a brooch of diamonds. Mrs. Dolora P. Baker Gates, mother of the groom, presented the new Mrs. Gates with a diamond collar, a silver dinner service, a silver tea service and a chest of flat silver.

Germany Accepts Proposal.

Berlin, Sept. 28.—Germany has formally accepted the French proposals to settle the Moroccan dispute. Herr von Kiderlen-Waechter received Mr. Jules Cambon, the French ambassador, at the foreign office and announced that the latest note was satisfactory to the kaiser's government.

Elected Mayor of San Francisco.

San Francisco, Sept. 28.—James Rolph, Jr., was elected mayor of San Francisco over Patrick H. McCarthy, the present incumbent, by over 25,000 plurality at the first direct primary election. The vote will closely approximate 80,000, the biggest vote ever cast here.

Winds Up Visit to Kansas With Speech at Leavenworth.

DELIGHTED WITH RECEPTION

Addresses Attract Large Audiences in All Points Visited, With Largest Crowd at Topeka Where It Was Estimated From 40,000 to 50,000 People Were Assembled—Talks to Children at Picnic in Atchison.

Leavenworth, Kan., Sept. 28.—President Taft ended his four day visit to Kansas here and departed for Iowa, where he will spend two days before again heading for the Far West.

He wound up here with a discussion of the tariff, during which he again explained his veto and again asserted his willingness to sign any tariff bills that might be based upon the forthcoming report of the tariff board.

Mr. Taft expressed himself as delighted with his reception in Kansas. The crowds which turned out to greet him again took rank as the largest he has met on any of his trips through the country.

The climax was reached at Topeka, where Mr. Taft faced a throng in the Capitol plaza that the members of his party estimated at between 40,000 and 50,000. The day was intensely hot. Mr. Taft discarded his silk hat and spoke bareheaded.

When he appeared at Atchison, however, he had laid aside the silk hat entirely and wore a broad brimmed Panama.

Lays Corner Stone.

At Topeka President Taft laid the corner stone of the memorial building Kansas is erecting to the Grand Army of the Republic, and the presence of so many old soldiers in his audience later at the Capitol plaza led Mr. Taft into a discussion of peace and another appeal for popular support of the arbitration treaties recently negotiated with Great Britain and France.

Following the president's speech Senator Curtis came out in a statement favoring the ratification of the compact. He is the third senator publicly and personally to pledge support to the president on the treaties since Mr. Taft's trip began.

President Taft arrived in Leavenworth at 4 p. m. and remained until 10:35. He made his tariff address in the open air and then motored to Fort Leavenworth, where he briefly addressed the officers attending the army service school, and then visited the soldiers' home.

In his address to the army officers, who in their full dress uniforms made a particularly brilliant audience, Mr. Taft advocated again the idea of a skeleton army made up largely of skilled officers who would devote themselves mostly to the training of the militia. The president said he believed that under this system a competent army could be called into the field almost at a moment's notice, and that on a peace footing the establishment would be a most economical one.

Attends Children's Picnic.

Atchison, Kan., Sept. 28.—To attend the picnic which was given by Bailey Waggener to the children of Atchison and vicinity President Taft doffed his high hat and frock coat and donned a straw hat and a gray sack suit. He went out prepared to get red tomatoes and peanuts.

Mr. Waggener's picnic brought several thousand juveniles into Atchison to partake of the hospitality of the host, who is a Democrat. The children cheered the president heartily. He made a short speech at the picnic grounds.

He praised Mr. Waggener for his benevolence to the Kansas children. He said that while Mr. Waggener expected him to make a one-minute speech and show all the evil he could find in the Democratic party and all the good in the Republican party, he could not do those things at this time. The president also presented in behalf of Atchison a large silver loving cup to Mr. Waggener.

Governor Hadley Asks Mayors of State to Boost Plan.

Jefferson City, Mo., Sept. 28.—Governor Hadley has addressed letters to the mayors of the principal cities in the state, asking their co-operation in a plan to observe Oct. 9 as "Fire Prevention day," and says he will this week issue a proclamation naming the day. He believes that by calling attention to the necessity of thorough inspection of public and private buildings much will be saved from fire losses.

The swimming pool of the Ridley
natatorium has been closed tempo-
rarily while it was being painted. It
will reopen on Friday afternoon. La-
dies day will be on Saturday between
the hours of four and six o'clock in
the afternoon.

Miss Clara Wishalla of Fifth street
south was given a surprise party last
evening by her friends at her home.
Music and games contributed to the
evening's enjoyment. A dainty
luncheon was served. All had a
very enjoyable time.

Congressman C. A. Lindbergh, of
Little Falls, arrived in Brainerd yester-
day and left this morning in an
automobile accompanied by A. M. Op-
sahl and other friends for Pequot
where he delivers an address at the
Crow Wing county fair this after-
noon.

Fred A. Farrar has returned from
Mayville, N. D., where he superin-
tended threshing on his farm. While
he was gone wheat went up five cents
and he shared in the general pros-
perity of the country when he mark-
eted his grain at the elevator. The
crop has been good and abundant in
the section of the state where his
farm is located.

MEN AND RELIGION FORWARD MOVEMENT

Great Convention Will be Held in
Minneapolis on October 3 and
4 of Next Week

DELEGATES FROM BRAINERD

A Short Sketch Follows Describing
This Movement and the Im-
petus it is Receiving

Due to the activity and eloquence
shown by Messrs. T. W. Todd and
J. W. Lewis while in Brainerd last
Sunday the "Men and Religion For-
ward Movement" is daily receiving
new recruits and gathering greater
impetus resulting, it is expected, in
one of the widest religious awaken-
ings the country has ever experienc-
ed. Delegates are to be selected in
Brainerd who will attend the con-
vention which meets in Minneapolis
on October 3 and 4 of next week.

Some of the most prominent work-
ers in branches of religious endeavor
and movements for social and eco-
nomic reforms are included in the
group of specialists who are to form
teams for leadership in the divisions
of work of "The Men and Religion
Forward Movement" to be initiated
at Minneapolis, the week of October
first to eighth.

Mr. Fred B. Smith the continental
campaign leader is known round the
world as an evangelist and organiz-
er for the International Y. M. C. A.
Dr. Isaac J. Lansing, secretary of the
International Reformed bureau has
been very prominent in reformed
work—municipal, civic, and temper-
ance. Rev. William Edward Beider-
wolf, is one of the most eloquent
and attractive platform speakers in
America in the class with Gypsy
Smith, Torrey and Chapman. Rev.
W. R. Lane is one of the best known
evangelists of Great Britain.

Mr. Chas. Steilze whom Gov. Har-
mon, of Ohio, said is doing more to
settle the labor question than all the
politicians combined, and Raymond
Robbins who has spent one fortune
and is spending another besides giv-
ing his services to forward the cause
of bettering the conditions of indus-
trial workers, are with the party—
their presence being a guarantee of
the purpose of the movement.

Mr. John L. Alexander who start-
ed the Boy Scout movement in Amer-
ica, "Railroad Jim" Smith, A. J.
(Dad) Elliot so well known among
colleges and universities, are some
of the other notable and there are
still others who because of their sig-
nal success, have been chosen for
leaders in this mighty campaign
which is to be continent wide for
seven months, and is to be followed
up by practical and systematic work,
carried along by the united efforts
of thousands of men committed to the
cause of making Christianity the
standard of living and of the rela-
tionship of life.

These experts are spending a week
in retirement at Bald Eagle Lake,
Minnesota, perfecting the plans of
the campaign, exchanging ideas and
preparing themselves mentally, phys-
ically and spiritually for what each
one of them believes to be the great-
est responsibility of his life.

Next Monday they go to Minne-
apolis to take charge of divisions of
the campaign, which is to serve as a
pattern for other campaigns in sev-
enty-five large cities, with auxiliary
campaigns reaching out into the
country districts.

They will have behind them at
Minneapolis the brotherhoods of one
hundred sixty-seven churches, the
pastors and Sunday schools regard-
less of denominations, and the Young
Men's Christian Association.

Every mail brings additional regis-
trations from ministers and laymen
in city, town and country churches
who will attend the great convention
in Minneapolis, October 3rd and 4th.

Notice

The annual meeting of the First
Congregational church of Brainerd
will be held at the church on Thurs-
day evening, Sept. 28th, at 8 o'clock,
for the hearing of reports, the elec-
tion of officers and the transaction
of such business as usually and
properly comes before said meeting.

NO CASCARET USER EVER HAS HEADACHE

A 10 Cent Box Will Keep Your Liver, Stomach and Bowels Clean, Pure and Fresh for Months

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative waters force a passageway for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach. Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means inside cleanliness and a clear head for months. Ask any of the millions of Cascaret users if they have headache.

FRIDAY EVENING'S MASONIC PROGRAM

A. O. Eberhart, Guest of Honor, Will Deliver an Address at the Ceremonies

AND MASTER KLING TO SPEAK
Talent Will Assist in Making it a Most Entertaining Event in Masonic Circles

The proper committee of the Masonic bodies of the city has met and announced the program for Friday evening, September 29, when Gov. A. Eberhart will grace the occasion in his presence and will deliver an address. It is not known what message the governor brings to the Masons and their wives and the ladies of the Eastern Star for the executive committee announces in advance what his speech will be, trusting to the inspiration of the moment for his key note. There will be sufficient illumination for the formal opening of beautiful Masonic quarters will be attended by all members of the Masonic orders and their wives. The program for the evening has been prepared with care and the refreshments will be as dainty and as appetizing as the committee could have prepared.

Those who have been favored with a view of the new home of the Masons say it approaches in magnificence that of any order in central or northern Minnesota. Graham's orchestra of eight pieces will play from eight o'clock until 8:30, the time when the program commences. The invitations sent out give the hour of the commencement of the ceremonies as eight o'clock and the hour is given the guests to arrive and have an opportunity of meeting the new quarters before opening of the formal ceremonies. H. Gemmell will officiate as master of ceremonies.

The first number is one by the Masonic male quartette of Minneapolis, organization of great reputation known to every Mason as being of entertaining singers.

Edward Crust, the chairman of the committee, will make appropriate remarks and turn over the hall to various organizations of Masonry. Then follows:

Remarks by Grand Master E. A. Kling, of Little Falls.

Vocal solo by Alvin Davies, of the Masonic Quartette.

Remarks by Col. C. D. Johnson, long by the Masonic Quartette.

Reading by Mrs. C. L. Burnett.

Piano duet by Miss Louise Bear.

Miss Nellie Alderman.

Address by Gov. A. O. Eberhart.

Song by Masonic Quartette.

Graham's orchestra will play during the reception following tendered governor. Light refreshments will be served at the conclusion.

ITALY TO OCCUPY TRIPOLI AND CYRENE

Special to Dispatch:—

Rome, Italy, Sept. 28.—The Italian government has notified Turkey its intention to occupy Tripoli and Cyrene. The economic concessions offered by Turkey at the eleventh hour were rejected by Italy, which announces its purpose to protect its interests and its dignity in its own way, relying no longer on Ottoman promises.

Card of Thanks

We desire to express our heartfelt thanks to the many kind friends and neighbors who so generously extended aid and sympathy during our recent bereavement.

HAVILL ARRAIGNED IN COURT TODAY

Special by Phone to Dispatch:—

Little Falls, Minn., Sept. 28.—O. H. Havill, president of the First State bank of Bowls, was this morning arraigned in court on two indictments charging him with accepting money for deposit when it is alleged he knew the bank was insolvent.

He is charged with accepting a deposit of \$200 and another of \$115 from farmers in his vicinity on August 4. Havill plead not guilty and was placed under \$2,000 bonds. The time of trial has not been set.

Director Schwartz an official of the Royalton bank, was arraigned at noon.

AITKIN GOOD ROADS MEETING

Crow Wing County Will Send a Delegation Headed by Attorney C. A. Allbright

MEETING OPENS 10 A. M. SEPT. 29

Duluth Commercial Club, Deerwood, and Ironton to Send Representatives

The good roads committee meeting will open its adjourned Brainerd session at Aitkin at ten o'clock tomorrow morning and Attorney C. A. Allbright will head a large delegation from Brainerd and Crow Wing county to see that the interests of this section of the country are safeguarded.

Mining interests of Crosby and Ironton will send delegates and the town of Deerwood will show up in full force. Since the Brainerd meeting much has been given the Moorhead-Duluth proceedings and its results will be shown in a large attendance at Aitkin.

The Duluth Commercial club will send a delegation so as to have a voice in the selection of the route for the final end of the road.

At Brainerd Surveyor Glass has drawn a large map giving the roads of the county. The route generally runs from Brainerd east to Lum park, thence to the Northern Pacific tracks, three miles east to Duluth's corner, then turns north to Aspholm's, running two miles east, then crosses the N. P. tracks just east of Loerch and follows this track to Deerwood and thence to Aitkin.

The subject of the route from this point will cause some discussion and it is also highly probable that the iron mining interests will strive to make the road take in Crosby and Ironton. Much good road has been built by the mining companies and the townsites companies and they will certainly try to be attached to the trunk line.

From Aitkin the route is expected to go southeast across country to Moose Lake, there to connect with state highway No. 1 which is expected to be macadamized between the Twin Cities and Duluth next year.

RAILWAY EMPLOYEES DEMANDS REJECTED

Special to Dispatch:—

An announcement was made by officials of the Union Pacific and the Southern Pacific railroads at noon today that they had rejected the demands of the federation of railway employees on their lines. The number of men who will be affected by the strike order expected shortly is roughly estimated at 35,000.

The Best Bargains Remain At "Michael's" Fire Sale

It will be hard for those women who secured such splendid bargains during the first two days of our sale to believe that there are yet better bargains remaining.

There are a large number of articles and thousands of yards of goods which were untouched by water nor were they tainted by smoke but which were in that section of the store where the fire occurred and upon which we secured a liberal insurance adjustment. These must now go and---in their condition at the splendid prices, Many at Half and Less,--- you will secure better bargains than the cheaper materials sold the first days of the sale. Come in and ask our salespeople to show you the best things.

Dress goods at half and less
Silks at half and less
Fine lining sateens

Grand Chancellor Attwood Delivers A Message of Optimism to His Large Audience

REV. LOWRIE AS TOASTMASTER

Program Included Songs by Mr. Alderman and Miss Hooper and Address by Col. Johnson

The entertainment and banquet given by the Knights of Pythias last evening at their hall in the Iron Exchange building was made a gala event by the attendance of Grand Chancellor Frederick S. Attwood, of Minneapolis, who delivered a "Message of Optimism" to his large audience, full of good cheer and encouragement and flooded with the sentiment which induces a man to look on the bright side of things and which induces him to make a bright

side when surrounded by nothing but dismal gloom.

And when a finished orator like Chancellor Attwood, deprived of sight but gifted with a most remarkable insight in character and events can preach optimism he carries a lesson direct to his hearers and forces conviction.

On the program was also Attorney S. F. Alderman who sang a baritone solo. His voice and enunciation were perfect and elicited so much applause that he responded to an encore. Miss Hooper also sang and was also encored for her rendition of a soprano solo.

At the banquet Rev. W. J. Lowrie pastor of the First Presbyterian church, officiated as toastmaster and his witty sallies kept the table in merriment. Sen. C. D. Johnson gave an exhaustive review of what the local Knights of Pythias have been doing and they certainly have made a remarkable showing for the time the order has flourished in this city.

The banquet was something to be

remembered and was faultlessly served.

The toastmaster called for remarks and many responded.

When Mr. Attwood was seen at the train this noon he said: "I have had a most enjoyable stay in your city and wish to thank all who made my visit here so pleasant. However in spelling my name use two t's, for I am not the aviator of that name I seldom do any aviation acts except from the platform when I am speaking and then I never soar too high. I shall go to Wadena this afternoon and speak at a Knights of Pythias gathering there this evening."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

UNITY BAND AT PEQUOT

Leaves Thursday Morning on the Early Train to Play at Crow Wing County Fair

Unity band under the leadership of S. V. Long left this morning on the early morning train for Pequot to play at the Crow Wing county fair and may probably also furnish music for the dance Friday night. The band is composed of 14 musicians and has practiced steadily so as to make a good impression at the fair.

The organization is proud of its \$100 tuba played by Lloyd Long and the new baritone played by John Long. The tuba was just received on Wednesday afternoon.

Many Brainerd people took this early morning train to see the fair and more will go this afternoon to hear Congressman C. A. Lindbergh deliver an address. The ball game between Pequot and Cross Lake also promises to be exciting. The exhibits are said to be the best ever shown at the Crow Wing county fair and everything is in readiness and all the management wants is a chance to show the people and they claim they will be satisfied with the preparations made by President Gardner Stevens and Secretary Olaf Olson.

WEDNESDAY EVENING'S MASONIC PROGRAM

A. O. Eberhart, Guest of Honor, Will Deliver an Address at the Ceremonies

AND MASTER KLING TO SPEAK

tal Talent Will Assist in Making it a Most Entertaining Event in Masonic Circles

The proper committee of the Masonic bodies of the city has met and announced the program for Friday evening, September 29, when Gov. A. Eberhart will grace the occasion in his presence and will deliver an address. It is not known what message the governor brings to the Masons and their wives and the ladies of the Eastern Star for the executive committee announces in advance what his speech will be, trusting to the inspiration of the moment for his key note. There will be sufficient illumination for the formal opening of beautiful Masonic quarters will be attended by all members of the Masonic orders and their wives. The program for the evening has been prepared with care and the arrangements will be as dignified and as pleasing as the committee could have prepared.

Those who have been favored with a view of the new home of the Masons say it approaches in magnificence that of any order in central or northern Minnesota. Graham's orchestra of eight pieces will play from eight o'clock until 8:30, the time when the program commences. The invitations sent out give the hour of the commencement of the program as eight o'clock and the hour is given the guests to arrive and have an opportunity of seeing the new quarters before the opening of the formal ceremonies. H. Gemmell will officiate as master of ceremonies. The first number is one by the Masonic quartette of Minneapolis, an organization of great reputation known to every Mason as being an entertaining singers.

Edward Crust, the chairman of the committee, will make appropriate remarks and turn over the hall to various organizations of Masonry. Then follows: Remarks by Grand Master E. A. Kling, of Little Falls. Vocal solo by Alvin Davies, of the Masonic Quartette. Remarks by Col. C. D. Johnson. Song by the Masonic Quartette. Reading by Mrs. C. L. Burnett. Piano duet by Miss Louise Bearse. Miss Nell Fie Alderman. Address by Gov. A. O. Eberhart. Song by Masonic Quartette. Graham's orchestra will play during the reception following tendered governor. Light refreshments will be served at the conclusion.

ITALY TO OCCUPY TRIPOLI AND CYRENE

Special to Dispatch:—

Rome, Italy, Sept. 28.—The Italian government has notified Turkey its intention to occupy Tripoli and Cyrene. The economic concessions offered by Turkey at the eleventh hour were rejected by Italy, which announces its purpose to protect its interests and its dignity in its own way, relying no longer on Ottoman promises.

Card of Thanks

We desire to express our heartfelt thanks to the many kind friends and neighbors who so generously extended aid and sympathy during our recent bereavement.

HAVILL ARRAIGNED IN COURT TODAY

Special by Phone to Dispatch:—

Little Falls, Minn., Sept. 28.—O. H. Havill, president of the First State bank of Bowlus, was this morning arraigned in court on two indictments charging him with accepting money for deposit when it is alleged he knew the bank was insolvent.

He is charged with accepting a deposit of \$200 and another of \$115 from farmers in his vicinity on August 4. Havill plead not guilty and was placed under \$2,000 bonds. The time of trial has not been set.

Director Schwartz an official of the Royalton bank, was arraigned at noon.

AITKIN GOOD ROADS MEETING

Crow Wing County Will Send a Delegation Headed by Attorney C. A. Allbright

MEETING OPENS 10 A. M. SEPT. 29

Duluth Commercial Club, Deerwood, and Ironton to Send Representatives

The good roads committee meeting will open its adjourned Brainerd session at Aitkin at ten o'clock tomorrow morning and Attorney C. A. Allbright will head a large delegation from Brainerd and Crow Wing county to see that the interests of this section of the country are safeguarded.

Mining interests of Crosby and Ironton will send delegates and the town of Deerwood will show up in full force. Since the Brainerd meeting much has been given the Moorhead-Duluth proceedings and its results will be shown in a large attendance at Aitkin.

The Duluth Commercial club will send a delegation so as to have a voice in the selection of the route for the final end of the road.

At Brainerd Surveyor Glass has drawn a large map giving the roads of the county. The route generally runs from Brainerd east to Lum park, thence to the Northern Pacific tracks, three miles east to Duluth's corner, then turns north to Aspholm's, running two miles east, then crosses the N. P. tracks just east of Loerch and follows this track to Deerwood and thence to Aitkin.

The subject of the route from this point will cause some discussion and it is also highly probable that the iron mining interests will strive to make the road take in Crosby and Ironton. Much good road has been built by the mining companies and the townsites companies and they will certainly try to be attached to the trunk line.

From Aitkin the route is expected to go southeast across country to Moose Lake, there to connect with state highway No. 1 which is expected to be macadamized between the Twin Cities and Duluth next year.

RAILWAY EMPLOYEES DEMANDS REJECTED

Special to Dispatch:—

An announcement was made by officials of the Union Pacific and the Southern Pacific railroads at noon today that they had rejected the demands of the federation of railway employees on their lines. The number of men who will be affected by the strike order expected shortly is roughly estimated at 35,000.

The Best Bargains Remain At "Michael's" Fire Sale

It will be hard for those women who secured such splendid bargains during the first two days of our sale to believe that there are yet better bargains remaining.

There are a large number of articles and thousands of yards of goods which were untouched by water nor were they tainted by smoke but which were in that section of the store where the fire occurred and upon which we secured a liberal insurance adjustment. These must now go and---in their condition at the splendid prices, Many at Half and Less,--- you will secure better bargains than the cheaper materials sold the first days of the sale. Come in and ask our salespeople to show you the best things.

DEATH OF H. H. OSTERHOUT

Father-in-Law of Aitkin Editor and Old Friend of Dr. E. C. Clemans Passes Away

H. H. Osterhout, an old friend of Dr. E. C. Clemans of Duluth, and the father-in-law of B. L. Hollister, the editor of the Aitkin Age passed away at Aitkin.

Mr. Osterhout was born in Detroit, Mich., in 1831, was married there and in 1857 moved to Northfield, Minn., then returned to Detroit, but in 1877 came back to Minnesota locating at Morristown, and coming to Aitkin in 1900 where he ran a head lining and stove factory. He was a devout Methodist for years, having been ordained by an M. E. conference many years although he had not studied for the ministry, an honor rarely conferred. Casting his first vote for Franklin Pierce for president in 1852, the deceased never missed a chance to record his vote for democratic candidates since.

Mr. Osterhout is survived by his wife and two sons and one daughter, the latter the wife of Editor B. L. Hollister. He also leaves a niece in Brainerd, Mrs. C. H. Mills.

This afternoon Mrs. H. H. Osterhout, Mr. and Mrs. F. H. Osterhout, Mr. and Mrs. B. L. Hollister, Rev. A. L. Richardson, of Aitkin, and Miss Sattalee, of Minneapolis, the nurse who was in attendance at his last illness, accompanied the remains to his last resting place at Morristown near Faribault, where parents and a sister lie buried. Rev. Clemans was unable to attend the funeral and Rev. Richardson officiated.

The funeral at Aitkin was under Masonic auspices and as a mark of respect all business places were closed the hour of the services.

missed a chance to record his vote
for democratic candidates since.

Mr. Osterhout is survived by his
wife and two sons and one daugh-
ter, the latter the wife of Editor B.
L. Hollister. He also leaves a niece
in Brainerd, Mrs. C. H. Mills.

This afternoon Mrs. H. H. Oster-
hout, Mr. and Mrs. F. H. Osterhout,
Mr. and Mrs. B. L. Hollister, Rev. A.
L. Richardson, of Aitkin, and Miss
Sattalee, of Minneapolis, the nurse
who was in attendance at his last
illness, accompanied the remains to
his last resting place at Morristown
near Faribault, where parents and a
sister lie buried. Rev. Clemans
was unable to attend the funeral and
Rev. Richardson officiated.

The funeral at Aitkin was under
Masonic auspices and as a mark of
respect all business places were closed
the hour of the services.

Forced to Leave Home

Every year a large number of poor
sufferers, whose lungs are sore and
racked with coughs, are urged to go
to another climate. But this is cost-
ly and not always sure. There's a
better way. Let Dr. King's New Dis-
covery cure you at home. "It cured
me of lung trouble," writes W. R.
Nelson, of Calamine, Ark., "when all
else failed and I gained 47 pounds in
weight. Its surely the king of all
cough and lung cures." Thousands
owe their lives and health to it. It's
positively guaranteed for coughs,
colds, lagrippe, asthma, croup—all
throat and lung troubles. 50c and
\$1.00 Trial bottle free at all drug-
gists.

BACHELOR MAIDS ELECTION

The Society Had a Meeting Last
Evening and Outlined Charity
Work for Coming Winter

The Bachelor Maids gathered at
the home of one of their members last
evening and the young ladies held
an election of officers. Miss Ethel
Parker was chosen president; Miss
Kittie Johnson vice president and
Miss Caroline L. Morrison secretary
and treasurer.

The girls outlined their plans for
the coming season and agreed to
keep up their charity work and to
outdo in this respect that of any other
year. A number of parties and
dances will be given during the win-
ter season.

No Need To Stop Work

When your doctor orders you to
stop work, it staggers you. "I can't
you say. You know you are weak,
run-down and falling in health, day
by day, but you must work as long
as you can stand. What you need is
Electric Bitters to give tone, strength
and vigor to your system, to prevent
breakdown and build you up. Don't
be weak, sickly or ailing when Elec-
tric Bitters will benefit you from the
first dose. Thousands bless them
for their glorious health and strength.
Try them. Every bottle is guaran-
teed. Only 50c at all druggists. tts

World's Wealthiest People

It is quite impossible to say who
are the eight richest men in the
world. Some of the Indian princes
are enormously wealthy; there are
many wealthy families in Europe
whose names are hardly known here.
So little of these fortunes are known
that comparison cannot be made.
But in the case of golden grain belt
beers, there is an easy comparison
and it is definitely known that their
flavor, uniformity, quality and medi-
cinal value are excelled by no brew
in the world. Order of Walter Bol-
ton, Tel. 179J4, Brainerd, Minn.

Not a Word of Scandal

marred the call of a neighbor on
Mrs. W. P. Spangh, of Manville, Wyo.,
who said: "She told me Dr. King's
New Life Pills had cured her of ob-
stinate kidney trouble, and made her
feel like a new woman." Easy, but
sure remedy for stomach, liver and
kidney troubles. Only 25c at all
druggists. tts

This is the
Stove Polish
YOU
Should Use

IT'S different from
others because more
care is taken in the mak-
ing and the materials used are
of higher grade.

Black Silk Stove Polish

Makes a brilliant, silky polish that does not
rub off or dust off, and the shine lasts four
times as long as ordinary stove polish.
Used on sample stoves and sold by
hardware dealers.

All we ask is a trial. Use it on your cookstove,
your parlor stove or your gas range. If you
don't find it the best stove polish you ever used,
your dealer is authorized to refund your money.
Insist on Black Silk Stove Polish.

Made in liquid or paste—one quality.

BLACK SILK STOVE POLISH WORKS

Sterling, Illinois

Use Black Silk Air-Drying Iron Enamel on grates,
registers, stove pipes—Prevents rusting.

Use Black Silk Metal Polish for silver, nickel or
brass. It has no equal for use on automobiles.

"BEST" Says the Housewife too

Millions
of them say
Calumet is "best"—and
millions of them use
Calumet day after day for
bakings of every kind, for
just one reason—its certainty
of good results.

They know that every time they bake
with Calumet, the baking will be fluffy
and light as down—tempting and tasty
and easily digestible. They know
that they'll never waste time or ma-
terials—that every baking will turn
out right. For experience has shown
them that with Calumet failures are
almost impossible.

That alone is worth the highest price
you ever paid for baking powder—but as
a matter of fact, Calumet shows a great
saving price over "trust" brands, and is
more economical in use than cheap "big-
can" brands. It gives the highest quality,
the quality that won Calumet the highest
award at the World's Pure Food Expi-
sition.

Take no chances with your bakings—have
every one good and pure and delicious.
Calumet guarantees you that—and saves
you money besides. Get a can today for
a test.

Corn at its Best

"Ole Virginny" corn pone? Ripe, juicy corn on the
cob? Both mighty good—but they're not in it with
Kellogg's. Just imagine ripe, sugar-sweet corn
daintily flaked to light, golden films of toasted
corn. That's corn at its best—that's Kellogg's.
Have it for tomorrow's breakfast, sure.
